## Make a Ricky Tims' Harmonic Convergence Art Quilt Class

Have you thought about creating an art quilt or are you ready to put your toes in the water to see if free form quilting is you? This Ricky Tim's wallhanging will give you a break from your larger projects.

Do you have hand dyed/batik fabrics in your stash you don't know what to do with? Then this is the class for you. This technique is for beginning quilters who have basic knowledge of quilting tools and techniques and for experienced quilters who will find great satisfaction in discovering the serendipitous results of Convergence Quilts. Even though this is quick project, the results can be extraordinary!

In this class we will explore fabric selection, sewing *gentle* curves and

design options. At the end of this class you will have a medium sized wall hanging: usually about 18"x28" that you can finish at home. Time permitting we will discuss options for adding borders and finishing your wall hanging.

Here's a link to [Ricky's Harmonic Convergence quilt gallery](#). Begin your vision for your exploration into this fabulous adventure today.

### Kiwi quilts Events and Web Specials

Kiwi quilts is proud to be visiting the Etowah Valley Quilt Guild the evening of February 21<sup>st</sup>. We will be closing at 5pm on that Tuesday. Click [here](#) to check out the guild online.

Four Class Pass..... \$140

### GO Special Use Our GO for \$5/hour

Facing hours of cutting strips, squares, triangles, hearts, alphabet or numbers for your next project? If you're not quite ready to invest in a GO to speed up your fabric cutting, buy the die and mat you need and come use ours. You might even go in with a quilting buddy and share the cost of the die. If you've been wanting to make a Drunkard's Path but just couldn't face all that cutting, we can special order any GO die to get going fast.

# Kiwiquilts

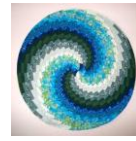

Learn the joy of hand quilting. You'll learn: to make a quilter's knot, how to mark a quilt for hand quilting, how to use the rocking stitch and the Jinny Beyer's quilting spoon, how to choose the right needle and thimble, and get hands-on practice with a hoop and a quilt frame.
